ECLIPSES IN THE YEAR 1847.

There will be four Eclipses this year; two of each of the great luminaries.

I. The first will be a small eclipse of the lesser luminary, at the time of the Full Moon in the afternoon of Wednesday, March 31st. Taking place before the moon rises, it will of course be invisible in North America. At her rising, a small portion of the moon's northern limb will be immersed in the earth's penumbra; the dark shadow having entirely left about an hour previous; but the diminution of her light will be hardly perceptible.

II. The second will be of the Sun at the time of New Moon, on Thursday morning, April 15th, invisible, as it will happen before sunrise. This will be a great and total eclipse, but will be visible in no part of our planet except the Indian and Pacific Oceans, the Gulf of Carpentaria, and the northern extremity of New Holland. The path of the total eclipse, or the dark shadow of the moon over our terraqueous globe, from the rising of the sun to the going down thereof, will be as follows: It will first strike the earth at sunrise, at a little south and east of the Cape of Good Hope, in the Southern, or Indian Ocean; traversing this world of waters in a northern and eastern direction for about 7000 miles, it will enter the northwestern extremity of New-Holland, and crossing this, the Gulf of Carpentaria and the northeastern extremity of New-Holland into the Pacific Ocean, it will pass off towards Queen Charlotte's Islands and the Coral Sea, where it will leave the earth at the setting sun.

III. The third will be a small eclipse of the Moon at the time of the Full, in the forenoon of Friday, Sept. 24th, invisible, the moon being below the horizon.

IV. The fourth and last will be of the Sun, on the morning of Saturday, Oct. 9th, at the time of New Moon. Happening before sunrise, it will not be visible to us; but it will present a most beautiful and sublime spectacle in Europe and Asia; being visible, central and annular, throughout their whole extent, from the Atlantic Ocean, a little west of Ireland, to the Gulf of Tonquin, in the Chinese Sea. The path of the annular eclipse will first strike the earth at the rising of the sun, a little west of the southern extremity of Ireland, thence taking an easterly and southerly direction, it will pass over Cape Clear, St. George's and British Channel, the northern part of France, south of Belgium and Persia, Germany, Austria, Turkey in Europe, and the southwestern extremity of the Black Sea, into Asia.

MORNING AND EVENING STARS.

VENUS will be *Evening Star* till October 3d, thence *Morning Star*. JUPITER, also, will be *Evening Star* till June 20th, thence *Morning Star*. MARS will be *Morning Star* till Oct. 31st, and then *Evening Star*. SATURN will be *Evening Star* till Feb. 22d, thence *Morning Star* till Sept. 2d, and then again *Evening Star*.

ASA McFARLAND, PRINTER.

"Late and slow the morning lazy,
Peeps abroad from yonder hill;
Phœbus rises red and lazy,
Frost has stopp'd the village mill."

† At the office of secretary of state, is an old book which contains the accounts, of several consecutive years, of Henry Sherburne, treasurer of the Province of New-Hampshire, in which the name of Matthew Livermore, solicitor general, appears, and to have been paid sums of money at different times for his services, the first of which in 1736, and the last in 1747. Of the time of his appointment, and the whole time he served as attorney, no record is known to the compiler, neither is it of those first named on this page.

(1) The earliest *Ms. record* of the appointment of Attorney General known to the compiler. (2) In Adams' Annals of Portsmouth, Wyseman Claggett is made to serve as Attorney General from Jan. 22, 1776, to Dec. 1784. This is evidently an error—the same error also appears in vol. 3 N. H. His. Collections. (3) Samuel Livermore was the father of the Hon. Arthur Livermore, now living in Campton, N. H., (Sep. 1846,) at the age of 80 years, and who recollects distinctly of his father serving as Solicitor General, as the officer was then called, soon after the commencement of the revolutionary war. (4) Hon. John Sullivan was re-appointed Attorney General, Dec. 25, 1784, under the Constitution of 1784, and served to Feb. 28, 1786. (5) Benjamin West did not accept, and Hon. John Pickering continued in office until John Prentice was appointed. (6) Hon. William Gordon died May 8, 1802, and Jeremiah Mason was appointed to fill the office of Attorney General, Aug. 19, 1802. (7) Samuel Bell was appointed Sept. 17, 1806, but did not accept, and the Hon. George Sullivan was induced to continue in the office until Feb. 2, 1807, when Wm. K. Atkinson was appointed.

Army Rolls of the Revolution.

The Hon. Thomas P. Treadwell, Secretary of State, was appointed agent, June, 1845, to arrange the manuscript Army Rolls of the Revolution; to have them bound into volumes of convenient size, and an Alphabetical Index to each volume, in order for their better preservation and greater convenience of reference. The whole work was completed before June, 1846, and is bound in 21 cap size volumes, 11 of the rolls, and 10 of the index.

This work, of much labor, has been performed with great care and faithfulness by the Hon. Secretary, and will prove a great labor-saving to pension agents, as also of great interest to the descendants of the veterans of the Revolution, who may be in search for the names or incidents connected with their ancestry.

STATE INSTITUTIONS.

New-Hampshire Asylum for the Insane.

INCORPORATED JULY 2, 1838.

The Asylum is located in Concord, on Pleasant street, on an eminence overlooking the village, the rich valley of the Merrimack, and the adjacent country for several miles in circuit. Adjoining the Asylum are more than 120 acres of valuable land, well adapted to the wants of the Institution. This is cultivated to good advantage, mostly by the labor of the patients, to whom it affords the best of exercise, and to whose recovery it essentially contributes. The improvements which are in progress on the lands of the Asylum lead to the belief that it will eventually become the Model Farm for the State.

With a single exception, this is believed to be the only strictly *self-supporting* Asylum in the country, and the economy of its management entitles its officers to commendation.

Number of patients admitted up to Aug. 1, 1846,	384
Number entirely recovered, - - - -	129
Present number of inmates, - - - -	101

The price of board for patients from this State is as follows:

For the first 13 weeks, -	$2.25
For the second 13 weeks, -	2.00
For all subsequent time, -	1.75

For these terms, patients are supplied with board, fuel and lights, washing, medical attendance, use of horse, carriage, &c.

New-Hampshire State Prison.

Warden, Hon. Samuel G. Berry.
Deputy Warden, William Berry.
Chaplain, Rev. E. Smith.
Physician, Ezra Carter, M. D.

We gather from the Annual Report made to the Legislature of New-Hampshire May 31, 1846, that the affairs of the State Prison stand in a very favorable light. The warden has established a system of discipline which seems to draw from the convicts a more readiness and willingness to obey orders, than from through fear of punishment.

The warden, who is a co-worker with the physician and chaplain, has paid great attention to the quality of the supplies of provisions, as well as suitable changes in the kind of food for the different seasons of the year; and his discipline, though firm and decided, he "regards and treats the convicts, not merely as human beings, but as men—not utterly depraved—not lost to hope, and incapable of improvement and reformation, but possessing all the capacities, susceptibilities, affections and passions of the race—with judgments to be influenced by motives, and hearts to feel and appreciate, and dispositions to acknowledge and reciprocate just and kind treatment."

The physician reports that for the past year the health of the convicts has generally been good; no prevailing disorder, but "colds, casualties and chronic cases have mainly constituted the amount of sickness during the year."

The chaplain reports favorably as to the apparent interest taken among the convicts in receiving moral and religious instructions; and adds, "it affords no small degree of satisfaction to state that, of eighty-six, the whole number who have left within three years,* only two have been recommitted to this or any other prison; a few are known to have made a public profession of religion; and a large proportion are settled in life, and pursuing a course of honest industry."

All the convicts who are able to work, are employed in the different branches of manufacturing carried on within the outer walls of the prison. For the present the work carried on is that of cabinet work, shoe-making, smithing, and hat-making.

The commissioner is required, in the month of June, annually, to make a report to the General Court, which shall contain the substance of the returns

from the several towns made by the school committees, and passed over to the Secretary of State the first day of April; and, also, such information as the commissioner may have collected, and such suggestions as to him may appear important or useful. He shall, also, procure 600 printed copies of the report, and lay them before the General Court.

The annual salary of the commissioner is $600, for his services and personal expenses.
